Part of the work that has become *Contemplative Masonry* first appeared on the internet in 2000 as an anonymously authored guide to the exploration of Freemasonry through contemplative practices like prayer, meditation, breath work, chanting, and visualization. Sixteen years later, the original author of that material, C.R.

"Chuck" Dunning, Jr., has come forward with a substantially expanded edition for those seeking to utilize Masonic symbolism and teachings in a way that is practical, accessible, inspiring, and profoundly transformative.

Contemplative Masonry is a much-needed resource for Masons seeking to undertake the challenging and rewarding work of deep self-knowledge and self-improvement. Brother Dunning provides Freemasons with a unique system of practices derived directly from the Degrees of Craft Masonry, without reliance upon other religious, spiritual, or esoteric traditions. He also shares the valuable wisdom and insights that come from decades of personal experience with contemplative practices.
